## ORNAMENTALBRANCHES.

Drawing and Painting.-This department receives liberal attention. Superior facilities are furnished, under a competent Instructor, exclusively devoted to this department, for the study and practice of Linear and Perspective Drawing, Pastel and Monochromatic Painting, Painting in Oil, and in Water Colors.

Music.-Music receives special attention.
The ladies are allowed to substitute these branches, together with German and French, for some of the higher studies in Mathematies, and for the Latin and Greek
The classes in Mensuration, Leveling and Surveying, are practiced in the use of the Quadrant and other instruments, and in Plotting.
In the department of Ancient Languages, the classes are practiced in oral and written exercises in'Latin and Greek, thronghout the Course; and, in the third year, in writing translations from Latin into Greek, and from Greek into Latin. In addition to the books above named, Zumpt's Latin (Grammar and Kuhner's Greek Grammar are used.
Anthon's Classical Dictionary, Smith's Dictionary of Greck and Roman Biography and Mythology, Ramshorn's Latin Syoonyms, Robinson's Lexicon of the New Testament, and Fortiger's Ancient Geography, are recommended as hooks of reference.

Lectures will be given from time to time in the vations deparments.
The classes in the First Year of Academic studies have exercises in reading and analyzing Milton, Thompson, and other poets, in connection with a course of fimmiliar lectures on the principles of English Grammar.

A Normal Class will be formed, (when required,) and special attention will be given to those who may wish to prepare themselves for the important duties of teaching.

A Bbical Class will also be formed for the bencfit of such as have the Ministry in view
Commercial Department.- - $n$ this, Lectures on Commercial Law, Political Economy and Mercantile Etiquette will he given. The course includes all that is reruisite to the Practical Accomentant.

It is our earnest wish to furnish facilities for obtaining a sound Education at the lowest practicable rates.

Hence, when we issued our Catalogue in June, though the cost of living had greatly advanced, we added but twenty-five cents per week to the price of our Board, and allowed other charges to remain as they were. Many then thought we ought to add more, but we were unwilling.

Since fixing these terms, so rapid and unexpected has been the rise in every thing, that we are satisfied we cannot, by any means, sustain ourselves at present prices. We are, therefore, obliged to make a further advance on Board of Twenty-Five Cents per week. Oui: charges, therefore, for Board, Washing, Room-rent, and Fuel, will be $\$ 3,00$ per week. This makes a difference of but $\$ 21,00$ a year in our terms from those of last year, which we think you will regard as a trivial advance in view of our increased expenses. We hope, therefore, that none having commenced our course, will be prevented, by this, from completing it, and that none having meditated entering our Scminary will be turned asile.

THOMPSON MITCHELL,

Wilhamsport, Pa., July 29, 1864

## LOCATION.

Willamsport is one of the most beautiful and healthy places in the State. It has never been subject to epidemics of any kind. Many coming to the School sickly, have returned fully restored. The location is central and accessible from all quarters. The Railroads, now completed, bring us within a few hours ride of Elmira, Lockhaven, Danville, Pottsville, Harrisburg, Hollidaysburg, Philadelphia, Baltimore and New York. No more desirable position for a Seminary of Learning can be found.

## ORGANIKATION

The School is organized on the most approved plan of the best Institutions of New York and New England. It embraces both sexes, under the same gorerument and instruction. The President and the other members of the Faculty occupy apartments in the building, eat at the same table, and have a constant oversight of all the Students.
The ladies' private and public rooms are entirely separate from the others, and there is no association of the sexes but in the presence of their instructors The Ladies and Gentlemen have less freedom of intercourse here than at home.

The happy influence, mutually exerted, in their slight association in the reci-tation-room, at the table, and in the public exercises of the Chapel, is to be seen in the cultivation of a cheerful and animated disposition,--in the formation of good habits and manners,-in ardent devotion to study,- -and in the attainment of high moral character. These with many other valuable results, have estahlished the fact, that the best plan for a School is, according to the evident de sign of Providence in the constituion of society, on the basis of a well regulated, Christian family.

## WILLIAMSIORT DICKINSON SEMINARY

## ACCOMMODATIONS

The buildings will accommodate (two in a room) ahout two hundred students. They are of brick, heated ly furnates in the cellar, and supplied with water. The rooms are large and well ventilated. In the entire arrangement of the buildings, great care has been had for the comfort and health of the occupants. The grounds contain about seven acres, affording sufficient room for exercise and play.

## BOARDING, ETC

All students from a distance are required to board in the Seminary. By the following list of prices it will be seen that our totatcharges are quite as low as those of any Institution of like grade in this State; not excepting those as those of any Institution of like grade in this State; not excepting those
schools in which cheap scholarships have been sold. We desire to hring down the cost of education to the lowest point possible, and thus afford to the masses sound, intellectual, and moral culture. Board, including washing (10 pieces,) room and fuel, is $\$ 2.55$ per week

CALENDARAND EXPENSES

## ROOMS AND CLOTHING.

The rooms are furnished with all heavy articles, but the Students must bring their own sheets (for double beds,) pillows, pillow cases, blankets, counterpanes and towels, and find their own brooms, mirrors, coal oil and lamps.

The Seminary is furnished with a collection of Apparatus, together with full sets of Globes, Maps and Charts, and a Cabinet of Minerals, thus affording facility for illustration and experiment.

## D I S C I PLINE

The discipline is mild, but firm and impartial. While every encouragement will be given to the orderly and studious, and due allowance be made for youthful indiscretions, yet the lawless and refractory camot long remain among us.
RELIGIOUS SERVICES

Every Student is required to attend religious services at the opening and close of school, each day, as well as public worship morning and evening, every Sabbath, at such place as parents or quardians may designate.
N. B.-Each student must be supplied with a Bible, to be read without note or sectarian comment, in the morning and evening services of the chapel. The whole school read in concert.
LITERARYSOCIETIES.

Besides the regular weekly exercises in Composition and Declamation, there re three flourishing Literary Societies in the Institution: the "Belles Lettres," "Gamma Epsilon," and "Tripartite Union," each of which prepares and reads to the school a paper once a month. About 1700 volumes are in the Societies' Libraries.

MERITAND DEMERIT.
A strict weekly record is kept of all the exercises of the school, from which record the students will be graded.

A record of demerits is also kept. Tardiness, unexcused absences from required exercises, and all disorderly conduct will subject the student to demerit marks Three such marks may bring a private reproof before the Faculty ; six, a reproof before the Ladies or Gentlemen, as the case may be; nine, a public reprimand before the whole school; and twelve may send the offender away. Sessional Reports are sent to parents when requested

## TO YOUNG MEN.

Several steady young men can have employment the Institution, and thus meet a large portion of their expenses.
Schools also can be had by Ladies and Gentlemen who desire to teach. Applications are made from a distance for competent teachers.

A WORD TO PARENTS.

1. Try to have your children here at the commencement of the term. The classes are then formed and it will be better for all concerned that the student start regularly with his class.
2. If possible, do not call them away during the session. Absence, if only for a few days, disarranges the class, and is generally the beginning of irregularity on the part of the scholar.
3. Do not allow your children to leave the school before the examinations, unless it caunot he avoided. Serious inconvenience, to all concerned, often arises from a neglect of this caution
4. Supply them very sparingly with spending money. Parents camot be too cautious on this point.
5. Select for your child one of the Instructors, as a Patron, to distribute his funds. In this way a more judicious use of your money will be made, and your child be kept from many temptations.
N. B.-These two last suggestions are to be regarded as established rules of the school.
 additional rules:
6. Attend Evening Prayers.
7. Must attend all the Seminary Exercises punctually.
8. Must spend the intervals between recitations in the Study Hall.
